Dear Parent/Carer

**Re: Food Technology – GCSE Option**

Your child has chosen Food Technology as an option. This is mainly a practical subject which requires food investigation and regular practical cookery sessions.

Our recipes are designed to be useful for the whole family. We are aware that bringing ingredients into school can be challenging – teenagers bringing last minute lists of needed items. We have therefore designed a “pay-in” system that allows your child to have stress free food ingredients ready and waiting for them in class.

The “pay-in” scheme is £33.00 for the year and should be paid via parent pay before the start of term. Please contact the finance office during the holidays if you require a barcode letter.

If you are providing your child with their own ingredients, please be aware that the £33.00 has been subsidised and may cost you 3 times this amount long term.

The £33.00 includes all basics needed. Your child may decide to enhance their recipe from time to time and bring in more luxury items if they wish to.

If you require any further information, please do not hesitate to contact me.

Yours sincerely

F Oakes
